

LESSON PLAN 3

Introduction to digital content	
Topic 2: Developing Digital Content	
Lesson Plan 3 – Introduction to Digital Content	
Duration: 30 minutes	
Aim	In this lesson plan students will learn how to move around their computers and tablets (navigating in the desktop, finding files...) and also on the web. They will be introduced to the concept of a browser, the different existing types and how to use them.
Target Group	Adults (seniors)
Facility/ Equipment	<ul style="list-style-type: none"> ● Classroom ● Internet access ● Laptop or tablet ● Projector ● White board
Tools/ Materials	<ul style="list-style-type: none"> ● Handout 1 ● Handout 2
Activities	<p style="text-align: center;">1. Task 1: Web browser (10min)</p> <p>1. Play this video to your students and ask some questions to check their understanding. Then ask them to provide a definition for each of these concepts:</p> <ul style="list-style-type: none"> - <i>Links</i> - <i>Navigation buttons</i> - <i>Tabbed browsing</i> - <i>Bookmarks and history</i> - <i>Downloading files</i> - <i>Plug-ins</i> <p style="text-align: center;">2. Task 2. Search on the internet (10min)</p>

	<p>2.1 Now it is time for students to experiment using a browser. Provide them with <u>see Handout 1</u></p> <p>3. Task 3. Search on the internet - advanced (10min)</p> <p>3.1 Only if the trainer considers that students have fulfilled Task 2 adequately, they can move on to Task 3. Now it is time for your students to perform an advanced Search on their own. Provide them (individually or in groups) <u>see Handout 2</u></p> <p>4. Task 4. Wrap-up (5min)</p>
--	---

HANDOUT 1: Search on the internet

It is the right time to start the actual search on the internet.

A first activity is to look for general information about the continent of Europe. Let's see what information we will receive if we type in the search box of the google search engine, the text "Europe".

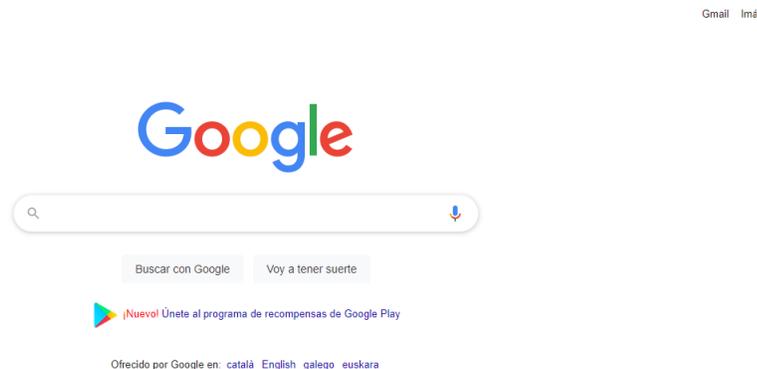

These are the results that google gave me. Have you received a similar result?

HANDOUT 2: Perform an Advanced Search

Let's see how to do an Advanced Search:

1. Write the text you are looking for, in Google search box and press Enter.
2. Click on Settings (as indicated by the arrow in the image).
3. Select Advanced Search.
4. In the "Find pages with" section, enter your search terms.
5. In the "Then narrow your results by" section, choose the filters you want to use. You can use one or more filters.
6. Click Advanced Search.

Now try to **do the same with an image** and choose some features you would like it to have (like size...)
